DAN TYSON IS APPOINTED JUDGE

MONTE HALE, WESTERN STAR HERE JANUARY 9

Monte Hale, handsome, dashing, sensational new star for Republic pictures, is coming to the Milam Theatre in Person.

Hale will be here on the stage Thursday, January 9 while his newest picture "Out California Way" is showing.

Not since the visit of Dick Powell here ten years ago have movie fans been so idol conscious. Monte Hale shot skyward in a year at Hollywood and today is popular as one of the favorites of Western roles like the one in which he is cast that brings his personal appearance to local fans January 9.

Not only does Republic's newest Trucolor western, "Out California Way," include all the action, thrills and suspense of a first rate Republic western, but also hits a new high in tuneful melodies by star Monte Hale and Foy Willing and Riders of the Purple Sage.

The exciting film, coming January 9 to the Milam Theatre, has Monte Hale ,a likeable young cowboy, looking for a job in a motion picture studio. He teams up with young Danny McCoy, excellently played by 12-year-old Bobby Blake, who is trying to get his trained horse, Pardner, into the movies to share cinema glory along with Trigger and Thunder.

John Dehner portrays Rod Mason in the film, a western movie star who stops at no dastardly trick to keep Monte from getting a break in pictures.

Pretty Adrian Booth co-stars with Monte Hale, as sister of Danny, and owner of a not-too-successful riding academy.

Among the high spots in the exciting western are the appearances of Republic's own cowboy stars, including Roy Rogers, Allan Lane and Donald "Red" Barry, as themselves." Monte meets them individually when he visits the studio.

Fred Graham, Tom London, Edward Keane, Larry Kyte, Nolan Leary, Mary Gleason, Donald Kerr, Brooks Benedict, Edward Cassidy, Tom Quinn, Frank O'Connor and Jack Kirk round out the supporting cast of the melodious western in color which was directed by Les Selander and produced by Louis Gray.

Colder Wednesday As Sleet Blankets City

Slightly lower temperatures were predicted here early Wednesday morning as the sleet storm laid a blanket of white over the city.

L. W. Smith, local observer at the Community Public Service Company said that the themometer registered slightly below 25 where as the lowest on Tuesday was 25.

Predictions of a thaw up were hesitatingly made and it appeared that the city would feel even lower temperatures as a low of 12 was noted in Dallas. Business was adversely affected by the blizzard.

STATE RVOS OFFICES ARE OPENED IN TEMPLE

State headquarters for the Farm Mutual Protective Association, a fire insurance company, known as the RVOS, were established in Temple Wednesday, January 1.

Jos. Slavik, Sr., of Cameron, Secretary of the Associaton, has moved to Temple and has purchased a home there at 1015 South First Street. John Hanecek of LaGrange, treasurer, has also purchased a home in Temple.

Temple was selected over Cameron as the site for the state headquarters last summer. The association was organized at Ocker in Bell county April 6, 1901.

F. A. Marek of Cameron, is Vice President of the Association and will become president next year. Officers were elected at the convention in June in Tmple.

Mr. and Mrs. Luther Reese and daughter of Odessa recently visited relatives and friends here.

In Person

MONTE HALE

Monte Hale, Republic Star, will be in Cameron January 9 on the stage at The Milam, it was announced Monday by Dean White, manager of the theatre.

Trapper From Davilla Winner of Awards

Lester Davis, well known trapper from Davilla, is a winner of a Daily Award for correct pelt handling in the Eighteenth National Fur Show conducted by the Raw Fur Marketing Service of Sears, Roebuck and Company.

Davis' carefully handling Opossum pelt brought him one of the $5.00 Daily Awards, as a result of its being judged one of the three best handled skins among all pelts received at Sears Raw Fur Marketing Station in Dallas on Wednesday, December 11, and in addition entitles Davis to Consideration for one of the major awards, including $1,000.00 First Award, to be selected at the final judging, which will be held in April.

Correct pelt handling—the prime purpose of the Fur Shows—has proved to be a vtal importance to trappers due to the fact that millions of dollars were formerly wasted through careless, incorrect skinning, stretching and drying of furs —dollars which could readily have gone into the trappers' pockets instead of being cast to the winds. Well prepared pelts command more money than poorly handled ones—thus increasing not alone the earnings of the trappers, but the value of our country's natural resources. Sears Fur Show was established to stress the point and, to encourage correct pelt handling.

This season's 18th National awards again total $7,590.00 in cash, including 918 daily $5.00 awards, ten major awards amounting to $1,950.00 topped by an eagerly sought-after $1,000.00 First Award—plus twelve sectional awards for complete fur shipments—aggregating $800.00. All awards are for pelt-handling only, not kind or value of skin. Every pelt shipped to Sears, during the term of the Fur Show, is automatically considered for one or more awards.

Prisoners Break Out Of Jail; Negro Trusty Goes Away for Holidays

A jail break here Christmas eve found officers scurrying around looking for a negro trusty and was thought to have gone to Giddings to spend the holidays.

Sheriff Carl Black said that the negro was being used around the jail for odd jobs and was a trusty.

A white man who was arrested by city officers broke out but was placed back in jail the following day.

The jail wall was penetrated and blankets were used by the prisoners to escape from the run-round on the second floor.

Due to the holiday lay off the jail could not be repaired at once.

Mr. and Mrs. Freddie Hientz have announced the arrival of an eight pound son, Thomas Edwards, who was born at St. Edwards Hospital December 19.

VALTER WHITE NAMES DEPARTMENT EMPLOYES

Valter White, taking the oath of office as Assessor and Collector of Taxes for Milam County on Wednesday, January 1, announced on Monday the list of his appointees in the department.

Mr. White, popular former Sheriff and returned War Veteran, won the nomination last July over Bill Alex Bonds, long a political figure in the county.

Mr. White made a clean sweep in the department and has named new employes to begin the term to which he was elected. Here is the list he announced on Monday:

Miss Ellen Frances Crennan, daughter of Mr. and Mrs. Bartle Crennan of Burlington.

John Eanes, Deputy Assessor, a returned war veteran and who for a number of years has been Fire Marshal in Cameron and also was for a short time in the office of the Assessor and Collector at the court house.

LeRoy Massengale of Maysfield, Chief Deputy. He was formerly associated with Mr. White as office Deputy in the office of Sheriff.

Rev. R. Kalkbrenner of Ad Hall Clerk. He was former pastor of the St. James Evangelical Lutheran Church at Vogelsang but for the past few years has been living in the Ad Hall community and engaged in farming.

J. P. Gouch, Jr., of Cameron, Clerk, completes the list of appointments announced by Mr. White. Mr. Gouch is well known and friends will be glad to know of his appointment.

B. K. ISAACS DIED IN FORT WORTH DEC. 19

B. K. Isaacs, 63, former resident of Rockdale and brother of Conn R. Isaacs, county auditor, died at his home in Fort Worth December 19.

Funeral services were held in that city on December 20 and interment was made in Fort Worth.

Mr. Isaacs had been in ill health for a long period and had been a resident of Fort Worth for many years. He was born and reared in Rockdale, son of the late Mr. and Mrs. Leonard Isaacs.

Mr. Isaacs early in life began the study of law and became an attorney. He had been in practice in Fort Worth until his health failed.

Surviving are his widow and one son and daughter as follows: B. K. Isaacs, Jr., and Mrs. Wiley Clarkson, Jr., of Fort Worth.

Two brothers survive as follows: Conn R. Isaacs, of Rockdale, County Auditor Milam County, and Leonard B. Isaacs of Fort Worth.

It's That Magic Soil Again; Two Turnips Weigh About 9 Lbs.

It's that magic soil again.

Deputy Sheriff, Will Vaughn, brought in a couple of medium size turnips for this area. The two weigh about 9 pounds or more.

The turnips, purple globe variety, are in the show window at The Herald brought in early Tuesday by Mr. Vaughn from his farm on the east road to the river. He didn't try to pick a big one, just sort of went out a piece in the patch and pulled up two.

Mr. Vaughn says he has many like this and others and they are delicious and many friends are enjoying them.

FRANK WORLEY DIED IN ROCKDALE DECEMBER 28

Frank W. Worley, 59, life long resident of Milam county, died on December 28 at his home in Rockdale.

Mr. Worley had been ill a long period of time. Funeral services were held in Rockdale Sunday, December 29. Surviving are his widow and two daughters.

Mr. Worley was widely known as a rancher and cattleman.

OFFICIALS TAKE OATH OF OFFICE WEDNESDAY

County and precinct officials for Milam county took the oath of office at 10 a. m. Wednesday, January 1 in a ceremony that held to traditional lines.

The Commissioners Court, composed of retiring members on Monday, in a surprise appointment named M. G. Cox, County Judge with full powers to preside over the court. He had been previously named by the Bar Association as Judicial Affairs judge.

Judge Cox administered the oath to Homer Nabours, County Clerk, who in turn administered oaths to the county and precinct officers.

Late Tuesday Judge Cox, acting under his new authority granted by the court in his appointment Wednesday, prepared and issued a call to the new Commissioners C. S. Raney, W. W. Markham, Byron Neal and T. F. Locklin for a special session to be held Wednesday at which time he read to the court a prepared document reciting what the judge said was provisions of constitutional law which should be followed in the appointment of a county judge.

It is the duty of the new court to name a county judge. In his address to the court, Judge Cox made it plain that his interpretation of the law is that a judge should be versed in the laws of the state. Interpretation of this is that a lawyer should be named a judge. However, in the past this rule has not been adheared to and there was some difference of opinion on the matter.

It was learned late Tuesday that the new court planned to dispose of routine matters and then recess until afternoon and then if feasible to take up the question of naming a judge.

That decision, however, was made before it was known that Judge Cox had issued a call for an extra-ordinary session of the court at which he made his unprecedented recommendations.

As the situation developed following the death of the late Judge Jeff T. Kemp, the court faced a problem without precedent in the history of the county.

The old court composed of Will Kuzel, Grady Stidham, E. L. McGuyer and E. G. Stiles, all of whom retired from office, partially overcame the situation by making a late appointment of Judge Cox who under the law must serve until his successor is named.

Judge Cox, widely known lawyer, had prepared an exhaustive and compelling address in which he pointed out what he termed is the plain duty of the court to name a judge who is conversant with the law. At the time of going to press the Daily was unable to bring a report on what the court's response was to the plea of the judge.

Mercury Reached 25 In 2 Degree Thaw Up

The temperature was at 25 degrees at midnight Monday and a two degree thaw up of the blizzard that has gripped the city since Sunday morning, it was disclosed by L. W. Smith, local observer for the government.

A violent sleet storm hit the city around 4 a. m. Tuesday and temperatures were in prospect for the lower twenties for the remainder of the day and night.

Mr. and Mrs. Earl Angell had as their guests the past week their daughter, Earlene of Freeport, Mr. and Mrs. Shack Shaffer and Mr. and Mrs. Frank Shaffer of Liberty, Mr. and Mrs. Homer Stevens and family of Gause, Mr. and Mrs. Johnnie Doss of Clinville, Mr. and Mrs. E. McClure and family of Freeport, and Mr. and Mrs. Homer Shaffer of Humble.

T. J. Favor of New York City spent the Christmas holidays with his family in Cameron. Mr. Favers is sales Division Director for the Gamlin Chemical Company of New York. Mrs. Faver accompanied him as far as Mobile, Alabama on his return trip to New York.

COMMISSIONERS FACING APPOINTMENT OF JUDGE

A situation without precedent in the history of the county will prevail on January 1 when oaths are administered to incoming officials.

The county has no Judge and the accepted order of oath administration will be broken for the first time.

In the past the time honored proceedure was for the County Judge to administer the oath of office to the County Clerk and the clerk in turn swore in the other officials.

While there was no one to say just how the oaths will be administered early Monday, it was presumed that County Clerk Homer Nabours, would administer and he in turn would be sworn in either before a Notary or some other official not yet designated.

The Commissioners Court because of its failure to agree on the appointment of a county judge to serve until his successor qualified has brought about this situation and may in considerable degree have caused uncertainties and slowed down expedition of the county's business.

The oaths of office for incoming officials will be administered on Wednesday morning, January 1. The Commissioners Court was in session Monday, December 30 for a final performance of duty for the four old commissioners who are retiring on January 1.

The picture at the court house will have some new faces and this was the result of a complete turnover in the court and in the office of county treasurer.

The county will have an entire new court, including a Judge, if the new Commissioners can agree on an appointment. The court has been without a judge since the death of the late lamented Jeff T. Kemp. The Bar Association named M. G. Cox to carry on in civil matters but the court of Commissioners has had no presiding officer.

One of the first duties to face the new court members will be the appointment of a County Judge who will serve until January 1, 1949.

The new commissioners will be C. S. Raney of Buckholts; Dock Markham of Cameron; Byron Neal of Rockdale and T. F. Locklin of Thorndale.

Old Commissioners retiring are Will Kuzel of Buckholts who was not a candidate for re-election; Grady Stidham of Cameron who was defeated; E. L. McGuyer of Rockdale who was not a candidate for re-election; E. G. Stiles of Thorndale who was defeated.

John W. Hairston will become county treasurer to succeed R. A. Devers, having won the nomination in July.

Valter White, returned war veteran and former Sheriff, will take the oath as Assessor and Collector of Taxes to succeed the veteran Bill Alex Bonds.

Bill Morrison, returned war veteran who resigned his post of duty in 1942 to enlist in the army, will become County Attorney to succeed Ed Gunn who was defeated.

The net result of the election was seven turnovers in the court house.

Chas. M. Hicks, county superintendent; Carl C. Black, Sheriff, and Grady Allen, District Clerk, running without opposition will succeed themselves.

Precinct officials will also qualify and take oath of office and complete their bonds as in case of county officials.

Mrs. W. M. Cobb and son, Moulton Cobb of Weslaco in the Rio Grande Valley were visitors in Cameron during the Christmas holidays. They were accompanied by Ben Grimes, a brother of Mrs. Cobb who now lives in San Angelo. They had been visiting friends in Lampasas, the late W. M. Cobb was publisher of the Cameron Enterprise and Mr. Grimes as a young man was the first publisher of that newspaper. Moulton Cobb is one of the best known radio commentators in Texas and for years has been one of the principal broadcasters in the Valley. Their friends here enjoyed their visit in the old home town where they lived for years.

COMMISSIONERS MAKE IT AN UNANIMOUS CHOICE

Dan Tyson, secretary and treasurer for the city of Cameron, was appointed County Judge Wednesday by the Commissioners.

Mr. Tyson's appointment came after a day long failure to agree on a selection and his selection was a happy compromise made unanimous late in the afternoon.

Early in the day Judge M. G. Cox who had been named judge for a day by the retiring court, urged the appointment of a lawyer but the Commissioners never approached a tie vote to give Judge Cox an opportunity to cast a vote.

There were three men under consideration for the appointment but neither could get a majority as Commissioners were adamant in their stand.

Mr. Tyson is not a lawyer. He was not an applicant and his appointment came as a complete surprise. It was with some degree of emotion that he accepted the place. He did not know he had been named until a phone call was made to his office. He took the oath and has filed his bond.

Mr. Tyson was born and reared at Maysfield. He was in business in Cameron 25 years ago or more and first became an official in the city as Assessor and Collector of Taxes, later taking over the duties as Secretary and Treasurer.

The Commissioners Court is new, all Commissioners serving for their first time.

JOHN DEERE DAY HERE WEDNESDAY, JANUARY 8

John Deere Day is being sponsored in Cameron Wednesday, January 8 by the Cameron Machine Shop, dealers for the famous farm equipment.

The program will be given at the Milam Theatre and includes a picture show featuring Bob Burns, the comedian with his Bazooka. The title of the picture is "The Windjammer" plus what is new in John Deere Tractors and equipment. The show is free to all farmers and their families and admission will be by ticket. The tickets are being distributed by the Cameron Machine Shop.

Cameron Machine Shop extends a cordial invitation to farmers of Milam county to attend this John Deere program.

KASPER LAZEK BURIED HERE ON DECEMBER 26

Kasper Lazek, 87, widely known pioneer and resident of Cameron for the past 43 years, died at his home in this city early Christmas morning December 25.

Friends throughout the city were saddened by the death of Mr. Lazek who was one of the few remaining pioneers who saw history in the making over a half century period here in Cameron and Milam county.

Mr. Lazek was born on January 5, 1860. He was a retired farmer and had lived in Cameron for almost 50 years. Mrs. Lazek, his companion in life for many years here, died several years ago.

Funeral services were held from St. Monica's Catholic Church at 9 a. m. December 26 with Rev. George J. Duda, pastor, reading the Mass. Interment was made in the Catholic Cemetery at the church with the Marek-Burns Funeral Home directing arrangements.

Three children survive as follows: Fred Lazek, Sr., of Cameron, well known business man and Fabian Lazek, and Mrs. Joe Kotrla of Cameron. Surviving also are thirteen grand children and 9 great grand children.

Mr. and Mrs. Ira L. Pach, Jr. have announced the arrival of a son, born at Newton Memorial Hospital on December 21, 1946. He has been named Richard Leland. The grand parents are Mr. and Mrs. Q. L. Cryer, and Mr. and Mrs. Ira L. Pach, Sr., all of Buckholts.

Faith and Peace Are Eternal . . .

TWENTY centuries have passed since the inn at Bethlehem was overcrowded because of Caesar Augustus and his census.

The bigwigs who crowded the inn were committed to oblivion by their contemporaries and, except for the census and resultant conditions at Bethlehem, it wouldn't matter too much if Augustus completely vanished from the history books.

It is generally immaterial that, as puppet king of Judea, Herod fortified the kingdom and kept it out of the clutches of Cleopatra, rebuilt the city of Sam a, and endowed several pagan temples long since crumbled into dust. Few people know, and fewer care, that his wife and two sons were murdered at his command. This sort of a Romanized Jew is remembered chief-

ly because of his hypocritical treatment of the Wise Men and because he authorized the slaughter of the Holy Innocents--and even this deed of incredible cruelty might have been forgotten if the Innocents were not associated with the Babe of Bethlehem who grew into the Christ and bequeathed a new philosophy of love and peace to all mankind.

Some men question what has been accomplished during the 20 centuries since Bethlehem.

True enough, some of the records have been written with indelible inks of hatred and prejudice and splattered with much blood; but cynics had best not rest their argument too confidently upon the gory records written or provoked by men who either did not know Christ or openly rejected his commands.

On the other hand, the glad tidings announced to a few shepherds at Bethlehem have inspired courage and faith and love such as no earthly decree or proclamation has ever called forth.

Faith and Peace are eternal quests—and twenty centuries are mere fleeting moments of Eternity

Mercury Skids Down To 23 Degrees Here

Lowest temperature recorded here Sunday night was 23 degrees as a blizzard skept in from the Panhandle late Saturday night.

L. W. Smith of the Community Public Service Company local observer for the government, made the official reading early Monday.

There was no time to make comparisons but generally the low was far above a record.

Indications were that the cold would abate and to be followed by cloudy weather with rain or snow. An all time record low was on December 23, 1929 when the themometer registered 10 below zero.

Mr. and Mrs. Hugh Wimberly spent the holidays in Freer, the guests of Mr. and Mrs. Dick Westbrook.

YOU HAVE MADE
Budweiser
TRADE MARK REG. U. S. PAT. OFF
THE MOST POPULAR BEER IN HISTORY

Inquiries about why enough Budweiser is not yet available have become so numerous that we ask our good friends everywhere in America to remember these facts:

Your demand has made Budweiser the most popular beer the world has ever known—year after year after year. Official government figures prove it.

Our production today is the greatest in the history of brewing. Yet, Budweiser's high standard of quality is maintained at all times.

The constantly expanded Home of Budweiser covering 70 city blocks in St. Louis is the world's largest brewery—as it was when beer returned in 1933.

Each year, beginning in 1933, facilities to increase the production of Budweiser were added . . . until the war put an end to expansion in the brewing industry.

But, each succeeding year found your increased demand running far ahead of our expanded facilities. Thus, Budweiser had to be rationed to dealers each year for several years before wartime shortages introduced rationing of many products to the country at large. In spite of the fact that grain quotas have been largely restored, Budweiser *still* is being rationed, because your demand *still* exceeds the production of our present vast facilities.

So that you will find Budweiser again wherever you ask for it, our post-war expansion program will get under way just as soon as building skills and materials are available.

Meanwhile, each day sees Budweiser arriving in communities everywhere to supply dealers equitably if not abundantly.

When you ask for Budweiser and get it, you are enjoying the quality and the distinctive taste that have made it—sip by sip, drink by drink, bottle by bottle and barrel by barrel, year in and year out, the most popular beer in history.

A-1 Cafe Opens New Private Dining Room

One of the more important developments in Rockdale for the New Year is the opening of the new private dining room at A-1 Cafe.

Readers of The Daily Herald are being told about this new cafe service in an advertisement starting Monday. Mr. Paris, the new owner, recently bought the cafe and has renovated the building and added the private dining room, now open, for couples or for parties.

Reservations are arranged by telephone in advance. The cafe specializes in fine foods.

Albert Fredrickson of Amarillo was here Friday for a brief visit with old friends. He was on his way with his family to visit relatives in Rosebud before returning to his post of duty with the Texas Child Welfare Association in Amarillo. He formerly was stationed in Cameron and was a member of the Rotary Club here.

Miss Ann Stallworth and sister, Mrs. Dot Beach will have as holiday guests in their home, Mrs. Jean Porter, of Houston, Mr. and Mrs. D. M. McKinley of Austin, and Mrs. Helen Gregory, of Houston.

Navy Gave Planes To Russia in 1944

Latest Radar Gun Sight Also Was Given to Russians.

WASHINGTON. — The navy has just disclosed that it secretly trained 140 Soviet airmen in the United States in 1944 as part of a lend-lease project under which 138 navy patrol bombers were transferred to Russia.

Fifty of these planes were equipped with the then-secret Norden bombsight.

The hitherto secret project was set up in March, 1944, following an agreement between the U. S. and Soviet governments.

The navy did not disclose details of the lend-lease agreement but it was reported that the secret project was given a high priority by President Roosevelt.

The navy's account of the Russian aviators' training was contained in a historical sketch of fleet air wing five, which conducted the operation. This account said that 50 of the Catalina seaplanes which were turned over to the Russian government were completely outfitted with the Norden bombsight and the latest types of radio and radar gear.

The navy said Adm. Ernest J. King, then chief of naval operations, assigned to the Atlantic fleet's air arm the task of accepting the 138 planes from the factory, checking out the Russian crews and actually turning the planes over to the Soviet airmen.

The first group of 60 Russian airmen reported to the Elizabeth City, N. C., naval air station on April 3, 1944. Eighty more Russians arrived at the base on April 17. They were accompanied by Col. V. Vassilyev, who assumed command of all the Russian crews.

62,800 More Homes Completed in August

WASHINGTON. — Home builders started work on 101,000 new dwellings in August and completed 62,800, Housing Expediter Wilson Wyatt reports.

The record of completions was better than that of July, but the number of starts fell off 1,400. Hence Wyatt's August report lacked the July prediction that the country would meet the goal of 1,200,000 veterans' homes started this year.

The goal itself is far short of the demand from veterans alone, the Wyatt report said, pointing to a census bureau survey showing that about four million veterans want to build, buy or rent a home within a year.

Only 2,200,000 were willing to enter the market at present high prices, however, Wyatt said, and the average veteran is unable to pay more than $43 a month rent or to buy for more than $5,500.

EMIL A. WILLIE BURIED IN OAK HILL CEMETERY

Funeral services were conducted for Emil A. Willie 69, by Rev. Roy Holt, pastor First Christian Church, Cameron, at Marek-Burns Funeral Home, at 11:00 A. M. Tuesday, January 2. Burial was made in Oak Hill Cemetery.

He was born in Switzerland and came to this country, landing in New York forty-six years ago. Later he came to Milam county and was married to Ollie Blackwell forty-three years ago at San Gabriel. Mr. Willie had been engaged in farming, having retired some years ago.

His survivors include his widow, and four sons and four daughters as follows: Charles L. Willie and Albert E. Willie both of Houston, Howard T. Willie of Longview, and E. M. Willie of Cameron, Mrs. Coy Arledge of Cameron, Mrs. Lee Bartlett and Mrs. I. A. Green both of Longview, and Mrs. Roger Owen, Belton. He is also survived by a brother, Alfred who still resides in Switzerland.

City Council Now Has Opportunity to Merge Two of Its Offices

Suggestions have come forward from some of the citizens here that City Government now has an opportunity to economize in its administrative overhead by combining the offices of the Secretary and Treasurer and Assessor and Collector of Taxes.

The opportunity arises over the acceptance by Dan Tyson of the appointment as County Judge, made Wednesday by the Commissioners Court.

Some discussion was had in 1945 over the desirability of a merger of the two offices but no recommendations were made due to political complications then. The council at one time considered abolishing the office of city marshal but never got around to doing the needed thing.

It is being pointed out that savings in administrative costs would be effected should these offices be combined under one employe.

The Herald is giving expression to these suggestions largely upon recommendation by tax payers and also because this newspaper has advocated a reasonable overhauling of the city's affairs to streamline the government. There is no thought of underestimating the fine services Mr. Tyson has rendered.

If the city council would take such steps as are available under the law the savings in ten years might build a city hall, but in any case would be a wise economy move.

R. L. SWANZY IS BURIED IN CEMETERY AT SHARP

R. L. Swanzy 68, died at his home in Rockdale, at 8:00 p. m. Sunday, December 29, 1946.

Mr. Swanzy had been in declining health for some time, but his condition became suddenly worse late Sunday afternoon, and his death came as a great shock to relatives and friends.

Funeral services were conducted by Rev. McCullock, Baptist minister, at Phillip & Luckey Funeral Chapel, with burial near Sharp.

Surviving Mr. Swanzy are his widow, and three sons; Thomas Swanzy of Camp Hood, Bert Swanzy, Rockdale, and Arthur Swanzy of Bay City, and two daughters; Mrs. Terry Sanders of Bay City, and Mrs. Lura Johnson of San Antonio.

A. R. McLerran Ends 32nd Year as Carrier; Is Rural Route Veteran

A. R. (Archie) McLerran completed his 32nd year as a rural mail carrier on Januray 1.

Mr. McLerran began as a carrier out of the Jones Prairie postoffice in 1915 and later moved to Cameron where he has delivered the mail for a number of years.

Friends were congratulating him on his 32 year of service and patrons on his route were expressing their appreciation to him for a long period of faithful and efficient service. He will soon be eligible for retirement if proposed legislation is enacted in Washington.

The life of a rural carrier is not a bed of roses. These men who get the mail through are often unsung heroes in the service of their country.

Record Is Set By Paper Mills

Product Is Now Rolling Out At the Highest Rate in American History.

NEW YORK.—Exclusive of newsprint, paper and paper products now are rolling from American mills at the highest rate in history, and the gap between supply and demand in most categories may be closed by the end of the year. One of the major shortages, according to industry leaders, appeared to be in paper for the book and magazine trade.

Chief difficulty in this division was not to determine supply — estimated to be about 400,000 tons greater this year than last—but to guess the future demand, since the recent hike in OPA wood pulp ceiling prices of about 10 per cent could work two ways:

Production might be spurred by attracting more pulpwood from farm woodlots and adding profit incentive at the mill level.

Cost May Go Higher.

But, at the same time, the cost of paper might go to a point where publishers would drop some of their marginal publications and print fewer books.

Total U. S. production of paper and paperboard in August was estimated at 1,715,710 tons by Dr. Louis T. Stevenson, economist for American Paper and Pulp association. Daily average production was running about 17 per cent ahead of last year.

The industry entered 1946 hoping to produce at a rate of about 18 million tons domestically this year. Present production is at a rate of more than 20 million tons a year.

Estimates for 1946 have been revised as follows: Domestic production, 18,620,000 tons; imports, 3,100,000 tons; exports, 475,000 tons; giving American consumers 21,245,000 tons of paper and paper products.

The gap between supply and demand has been steadily narrowed. One industry source estimated that at the end of June supply was running one million tons behind demand, but the association believes that the gap should be "whittled down to reasonable dimensions by the end of this year."

Future Trouble Spots.

There are, however, several future trouble spots.

Swedish pulp, on which American mills have depended in the past to fill the gap between American production and American needs, has practically stopped coming in, and the OPA price rise of 10 per cent—designed to meet the 10 per cent increase in the value of the Canadian dollar—fell short of meeting a 14 per cent hike in the value of the Swedish krona.

The Swedes shipped about 200,000 tons to the United States so far this year, and Finland 69,000 tons. If the price incentive boosts total domestic production by 6 per cent, loss of the Swedish shipments would be offset.

Little more is expected from Sweden because, American mill owners pointed out, the Swedes can sell all their pulp in European and South American markets at prices above the American ceiling.

Consumers of paper noted with satisfaction that several pulp mills being built in Canada are about ready to start production.

Catholics Are Translating Bible Into Modern 'American'

BOSTON. — First "American" translation of the Catholic Bible is under way in this country, complete with "phrases and spelling proper to ourselves rather than to the English," reports the Rev. Matthew Stapleton, former head of the American Catholic Biblical association, which is charged with the translation.

So far, the group of Catholic scholars has put the first five books of the Old Testament into modern "American" from the ancient Greek and Hebrew texts.

To preclude possible bafflement of Bible readers outside the United States, two other Old Testament translations into English are in progress in England.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Joint Program Held By High School Clubs

The Y-Teeners, sponsored by Mrs. Ernest Burkes and Future Homemakers Club, sponsored by Miss Joy Rice held a joint program and luncheon on Wednesday, December 18.

The Y-Teeners directed the singing of christmas carols followed by other christmas music provided by Mary Neil McClellen, Anita Dusek, Margaret Horstmann, and Martha Black.

The Future Homemakers presented a style show modeling dresses made by the first and second year clothing classes.

Two girls modeled pajamas which were made in class. All purpose dresses were modeled by Margaret Matula, (who also announced for other models) Dana Reichert, Corine Massey, Jane Flinn, Martha Lee Werner, Harriet Dodson, Rita Fay Wheeler, Katherine Tucker, Dorothy Tomek, LaVerne Dodd, Tommy Jenness, LaVerne Thweatt, Bernice Doskocil, Marilyn Devers, Doris Miller, Vera Ruth Turner, Bennie Bailey, and Dallie Green. Those who modeled school dresses were: Elba Jean Collum, Alice Joy Holstine, Joy Henderson, Nadine Coker, Betty Jo Mullinax, and Valata Muzzy.

One girl fell asleep on the living room divan and dreamed she received all the dresses that were modeled. The models stepped out of a large christmas package that centered the back of the stage wall, crossing the stage, and leaving by a side door.

After the program, a luncheon was served in the living room of the Homemaking Department to members of the two Clubs, their sponsors, Mrs. Jimmy Angel, Club mother for the F. H. A. and the following teachers in High School: Miss Gertrude Ebenhardt, Mrs. John Rosson, Miss Sally Montineif, Miss Dorcas Haynes, Mrs. C. L. Canady, Mrs. Bodie Jones, Mrs. E. Weisie, Miss Dallie Young, and Miss Edith Patillo. The menu consisted of sandwiches, potato salad, frosted cup cakes, and punch. About 140 people were served.

Matt B. Bailey Ill At Home; Is Improving

Friends of Matt B. Bailey, veteran newspaper man and for many years with The Herald, will be glad to know he is improving in health at his home here.

Mr. Bailey has been critically ill for some time but is able to be up for short periods during the day. He hopes to come down town in a few days if only for a few minutes.

Troy Cooper, prominent resident of Maysfield, is ill and a patient in Newton Memorial Hospital.

Polio Continues to Baffle Scientists

No Way Has Yet Been Discovered To Prevent Disease.

CHICAGO.—An authority on infantile paralysis said recently that medical science still could not prevent the occurrence of a single case of the disease but could enable 75 per cent of its victims to recover without any handicap.

Roland H. Berg, staff member of National Foundation for Infantile Paralysis, said flies or other insects have not been established as carriers, that the tiny polio virus has not been completely identified, that science has not unlocked the mystery of the nerve cell which acts as host to the virus and that better diagnosis methods are needed.

Despite some 40 years of research, he said in an article in Hygeia, health magazine of American Medical association, "it is still impossible to prevent the occurrence of an epidemic or even one single case of infantile paralysis." He added: "The agent that may carry the pplio virus and transmit it to human beings has not yet been found. No tangible evidence has been uncovered to incriminate flies, mosquitoes or animal agents. On occasions, scientists have discovered that flies trapped in epidemic areas carry the virus of polio but they have not been able to link a polio-laden fly with an actual case of human polio. It may be possible for flies or other insects to be incriminated more definitely, but at the present time scientists believe that the disease is more likely passed by intimate person-to-person contact."

He said scientists at Stanford university under direction of Dr. Hubert S. Loring, recently had been about 80 per cent successful in purifying the polio virus and that they believed it is probably protein in character and one of the smallest organisms ever studied.

He said great strides had been made in treatment, including therapy, to keep muscles in healthy condition during the "temporary damage" the spinal cord and brain areas suffer at the onset of the disease.

With this treatment, he said, "physicians report that three out of every four cases of infantile paralysis can recover without any handicap."

New Film Drama of Love and Politics

The private life of a glamorous and ambitious Congresswoman is the theme of the George Raft-Sylvia Sidney starrer, "Mr. Ace," due on Tuesday at the Cameron Theatre thru United Artists release.

George Raft takes the role of Eddie Ace, a cynical political boss who rules in those shadows where public careers are made and unmade in smoke-filled rooms over beer mugs. Sylvia Sidney is the brilliant and elegant Congresswoman Margaret Wyndham Chase, whose cap is set for a governorship.

Congresswoman Chase, in her beautiful penthouse looking out over the city, is forced to call upon blunt, tough Eddie Ace to insure her nomination as a candidate at the convention. They meet, are dynamically attracted . . . but Eddie refuses to support a woman's candidacy.

By a clever, unscrupulous maneuver, Congresswoman Chase forces a split in Ace's own party, thus winning the nomination in the teeth of his opposition. But the exquisite candidate for the Governor's seat is vulnerable. Her husband wants a divorce a scandal which would cut off her political career just at the moment of its blooming. Eddie Ace can fake the evidence that Mr. Chase needs. The trump card is played; the fat is in the fire.

Mr. and Mrs. Paul Krenek and daughter of Taylor were Christmas day visitors in the home of Mr. and Mrs. Frank Mikulec, Sr., of Cameron. Mr. Krenek stopped by to renew his Herald for another year. He is with the Missouri Pacific Railroad and travels extensively over their lines.

Mr. and Mrs. Allen Horstmann of Los Angeles, and Mr. and Mrs. Neal Horstmann of Richmond, California, were here to spend the Christmas holidays with their parents, Mr. and Mrs. August Horstmann. Both the sons are veterans of the late war, one an army artillery officer, the other in the navy.

Louise Green of New York, City visited her parents, Mr. and Mrs. A. N. Green over the holidays.

Mrs. Thomas J. White and sons, Jeffrey Alan and Phillip Milam, were here Christmas eve and Christmas day to visit with her parents in Burlington and to see other relatives in Cameron.

Navy Will Lay Off 40,000 Men by 1947

WASHINGTON.—The navy will lay off about 40,000 of its 300,000 civilian workers by the end of the year, because of "recent budget reduction," Undersecretary John L. Sullivan said.

In a circular to all continental navy and marine stations Sullivan said reductions would be "most serious in the shipyards" and payoffs will affect the "backbone" of the civilian crews, particularly machinists, electricians, skilled trades and professional employees.

Meanwhile the army stopped a series of economy measures with an order to advance the release of thousands of temporary officers still on active duty by six months or more.

Brazil Gives Labor Share Of Profits of Employers

RIO DE JANEIRO, BRAZIL.—Brazilian workers will be entitled to direct participation in the profits of the business enterprises for which they work under terms of the nation's new constitution.

Rigid labor laws to carry out constitutional guarantees, privileges and prohibitions are expected to follow promulgation of the new constitution.

The right to strike is recognized, but special laws will define the terms of striking and confine its usage to certain circumstances.

Free labor unions still are prohibited. However, the new constitution offers full freedom to join government-supervised syndicates for the various trades.

The constitution provides for unemployment compensation as well as social security measures and hospitalization and sets up certain standards to protect women workers and child labor.

NEW YEAR EVE PICTURE IS FRENCH UNDERGROUND

French Underground activities, fruitful source of motion picture scripts, bring movie fans here a midnight preview show which begins after the regular show to-night.

Celebrants of the New Year were making preparations to see this film starring Gracie Fields and Constance Bennett.

The midnight show will go on the screen after the first day run of crack film "Mr. Ace" starring George Raft and Sylvia Sidney.

"Mr. Ace" opened at the Cameron for the matinee showing Tuesday.

The theatre management has brought another good picture for the holiday program. Since severe weather may chase all celebrants indoors the theatres should be crowded for these two pictures.

The New Year begins auspiciously at the theatres with a number of good shows and on January 9 Monte Hale, popular Republic western star, will be at the Milam in person.

The midnight show will begin at 11:30 p. m.

Mr. Evans business associate of the Evans Grocery Store in Rosebud visited in Cameron this week.

H. G. Newton of Maysfield was a welcome visitor in Cameron last week.

It Was Cotton Blooms For Christmas; Corn Stalk With An Ear

Cotton blooms for Christmas and a stalk of corn with a young ear sets folks thinking about weather and recalling other years when it was warm and vegetation had not yet felt the bite of frost.

Carl Black, sheriff, brought a stalk of corn to The Herald a few days before Christmas. It is in full tassel and has a young ear rapidly approaching the roasting ear stage.

Old timers can tell tall tales about freak weather. Well, it was too hot for shirt sleeves Saturday and on Sunday morning down to 23. Early Tuesday the earth was grey with sleet and water pipes frozen.

On the whole winters are disappearing in this area and some day semi-tropical weather will prevail, many hope.

Mrs. M. A. Williams of San Antonio spent the Christmas holidays with her daughter and family, Mr. and Mrs. M. A. Ashley of Milano.

E. E. Schattle of Atlanta, Georgia visited relatives and friends in Cameron during the holidays. Mr. Schattle is a veteran of the last war and served with the Army Air Corps.

Miss Estelle Lehnert who is employed in San Antonio spent the Christmas holidays with her mother, Mrs. Richard Lehnert and family.

Mr., Mrs. F. A. Marek Observe 50th Wedding Anniversary Dec. 24

A social event of interest to many here was the Golden Wedding Anniversary of Mr. and Mrs. F. A. Marek of Cameron.

Mr. and Mrs. Marek observed their 50th wedding anniversary on Tuesday, December 24. Many congratulations and flowers were received during the day at their home where they observed the anniversary. They expressed deep appreciation for the interest shown by friends.

A turkey dinner was enjoyed at the home. Mr. and Mrs. Ladis Marek. Children are two daughters, Miss Olga Marek and Mrs. Ladis Marek and one son, Amos Marek. Their grandson, Ladis Marek, Jr., also enjoyed the celebration.

Mr. and Mrs. Marek were married in Yarrellton on December 24, 1896.

Mrs. Marek is the former Miss Annie Schiller. Mr. Marek was born in Czechoslovakia and came to the United States when he was 3 years old. He has long been prominent as a business man, civic leader and farm owner.

IN APPRECIATION

We take this means of thanking the friends and neighbors who were so kind and helpful during the illness and death of our beloved husband and father, Jimmie Jones of Temple, Texas. To each of you who in any way assisted us during these dark hours we shall always be grateful.

Mrs. Jimmie Jones and daughter.

J. R. Gregory of San Antonio visited relatives and friends in Cameron daring the Christmas holidays. Mr. Gregory is manager of the Broadway Courts in San Antonio.

'Gallant Journey' Stars Ford, Blair

Columbia Pictures' dramatic new love story, "Gallant Journey," starring Glen Ford and Janet Blair, will debut at the Cameron Theatre on Thursday. Heralded as one of this season's most important films, with an authentic historical background, it was produced and directed by William A. Wellman, of "Wings" and "G. I. Joe" fame. A large and talented featured cast is headed by Charlie Ruggles, Henry Travers and Jimmy Lloyd.

The film unearths the story of one of the world's most exciting adventures in presenting the Montgomery saga, an inspiring account of a woman's abiding faith and a man's unconquerable courage. Set in the fabulous turn-of-the-centurs days, it promises to give movie-goers a refreshing experience, as the halcyon Gay Nnineties era is re-presented with all of its fascination and charm.

In addition to his other duties, Mr. Wellman wrote the original screenplay in collaboration with Byron Morgan.

Mrs. Ernie Robbins of Waco is a patient in the Newton Memorial Hospital. She is the former Miss Faye Kirk, daughter of Mr. and Mrs. Jesse Kirk, Sr., of Cameron.

Bill White, superintendent of the Lake Dallas Fish Hatchery and his daughter and son, Laura Ann, and Billy, who had carried a load of fish to the Brownsville Hatchery, stopped in Cameron Monday night to visit in the home of Mr. and Mrs. J. R. Poole.

COTTON GINNING REPORT

Census report shows that 9,516 bales of cotton were ginned in Milam County, Texas from the crop of 1946 prior to 12-13-46 as compared with 17,393 bales for the crop of 1945.

J. G. Thompson, Special Agent.

Among the holiday guests in the home of Dr. and Mrs. W. R. Newton were: Mr. and Mrs. S. T. Nichols, and Mr. and Mrs. Gene Baxter all of Clarendon, Mr. and Mrs. W. W. Harvey, Mr. and Mrs. Stanley Schieffer, and Rev. and Mrs. Frank Newton all of Waco.

Kemp Family Reunion Held Christmas Day

Mrs. Rosa Kemp Adams, of Houston, the former Miss Rosa Kemp, has purchased the old home that her late parents, Mr. and Mrs. D. Kemp, built here over one-half a century ago, located on the corner of Main Street and S. College Ave., and has restored it to its former beauty and colonial design, adding all modern conveniences.

She was hostess to a reunion of the Kemp family for Christmas Day, and served a delicious luncheon to all of them that could be present. Present were Mrs. Jeff T. Kemp, Demmie Kemp, of Cameron, L. W. Kemp, of Houston, well known State Historian, known here better as Wiltze Kemp, Mrs. Ella Dobbins, of Waco, Milton Tucker, of Houston, Miss Aetna Smith, and Wyatt Wolf, of Cameron. Mrs. Adams makes her home in Houston where her late husband, Frank Adams, well known retired lumberman from Louisiana and Mississippi bought. Mrs. Adams still owns and lives in this beautiful home in Houston, and drives up most every week, and each member of the Kemp family have keys to come and go as they choose, and visit in the "Old Kemp Home" as they wish to. A wonderful piece of hospitality, of real Southern quality.

One of the members of the Kemp family was ill at her home in Houston, Mrs. Lucille Kemp Byrom, and could not be present at the home coming Christmas day. Cameron friends are much pleased to have the return of the members of this splendid family.

Mr. and Mrs. C. J. Scott of Corpus Christi spent the week end in the home of Mr. and Mrs. James Elrod.

CARD OF THANKS

We wish to express to our friends and neighbors our deepest thanks for their kindness to us during the recent illness and at the death of our father and grand father, Kasper Lazek. We are especially grateful to the members of the Knights of Columbus and the members of the K. J. T. for their special consideration of us during our time of great sorrow. We will remember kindly all those who sought to help us and all who expressed their sympathy with flowers, by words and deeds.

The Lazek Family.

LOOK AHEAD
The KEY to Contour Farming

U.S. Soil Conservation reports indicate a national average yield increase of 11 per cent for contour-cultivated corn. Significant increases also are reported for other crops.

Allis-Chalmers FRONT-MOUNTED implements with DUAL DEPTH CONTROL make contouring a real possibility for the average farm. A planter and cultivator mounted *ahead* of the driver's seat make it easy to follow a curved row.

Seed and fertilizer can be placed at precise depth, in contour rows that catch and hold moisture on the slope. Rotary hoe cultivator attachments roll directly over the row, lifting out weeds.

These are methods recognized as setting a major new trend in agriculture. Allis-Chalmers "looks ahead" to better living for every family farm.
